BEYOND COMPLIANCE

RNI DEDICATED CONSULTANT

YOUR DEDICATED REGULATORY AND SCIENTIFIC SUPPORT

So often your regulatory and development team may have a project that requires an additional resource for a few weeks or months. However, it is a hassle to go through a recruiting agency, verifying competence and expertise, and onboarding time of the new resource.

Does your regulatory or development team **require an additional resource** for a few weeks or months?

Do you **struggle finding a great match** to fill this position?

Are you **afraid the onboarding** of the new resource and its expertise will **take some time**?

RNI HAS THE SOLUTION

RNI proposes the **DEDICATED CONSULTANT**: a dedicated regulatory and scientific support, providing you access to the entire local and international RNI resources, for a fixed period of time.

1 DEFINE the role your dedicated consultant will have in your company, as well as the amount of time per week needed in your team.

2 IMPLEMENT your dedicated consultant within your company, over a 1 to 3 days period, to adjust to your organization, teams, and internal processes.

3 START the mission. Your Dedicated Consultant is dedicated to you, 1, 2, or 3 days per week, for a period of 3, 6 or 12 months.

Unlike consultants recruited through standard recruitment firms, the **RNI Dedicated Consultant** is part of **an established regulatory firm with global expertise on many regulatory statuses**, ready to help your company's initiatives from the get-go.
